INTENT OF VISIT, INSPECTION AND DEEMED EXPORT COMPLIANCE STATEMENT

These products are subject to export restrictions under U.S. law. In addition to actual shipment of a commodity out of the country, the export regulations also control the transfer, release or disclosure to foreign persons in the United States of technical data about controlled commodities. The Bureau of U.S. Census and a branch of the U.S. Department of Commerce known as [Bureau of Industry and Security](#) (BIS) regulate exports through the [Export Administration Regulations](#) (EAR) www.bis.doc.gov. These regulations spell out the export restrictions on a wide variety of goods, software, and technologies.

In order to comply with export control laws established by the US Department of Commerce and the US Department of State, Used Equipment Sales LLC requires a written statement defining the intent of the visit, inspection, Ultimate End User, the End Use of each product to be inspected while visiting the United States and the visitors agreement to comply with the [Export Administration Regulations](#) (EAR). Any additional or different terms proposed by the visitor are expressly objected to and will not be binding upon Used Equipment Sales, LLC unless specifically agreed to in writing by Used Equipment Sales, LLC's authorized representative.
